Mission Statement

Our mission is to create a harmonious Catholic community where each one of us is a valued member who can 'Grow in Love', guided by the teaching of the Catholic Church.

Rationale of Religious Education.

- Religious Education is central to the educative mission of the Church. *'At the heart of Catholic education lies the Christian vision of the human person. This vision is expressed and explored in Religious Education.'*¹
- In a Catholic school, at the core of the core, is Religious Education, for the sake of which Catholic schools exist in the first place.²

The Aims of Religious Education

At Sacred Heart Catholic Primary School, we understand Religious Education to be the systematic study of the mystery of God, of the life and teaching of Jesus Christ, the teachings of the Church, the central beliefs that Catholics hold, the basis for them and the relationship between faith and life;

- to enable pupils continually to deepen their religious and theological understanding and be able to communicate this effectively;
- to present an authentic vision of the Church's moral and social teaching to provide pupils with a sure guide for living and the tools to critically engage with contemporary culture and society;
- to give pupils an understanding of the religions and worldviews present in the world today and the skills to engage in respectful and fruitful dialogue with those whose worldviews differ from their own;
- to develop the critical faculties of pupils so to bring clarity to the relationship between faith and life, and between faith and culture;
- to stimulate pupils' imagination and provoke a desire for personal meaning as revealed in the truth of the Catholic faith;
- to enable pupils to relate the knowledge gained through religious education to their understanding of other subjects in the curriculum³

Outcome of Religious Education

The outcome of Religious Education is religiously literate and engaged young people who have the knowledge, understanding and skills – appropriate to their age and

capacity – to reflect spiritually, and think ethically and theologically, and who are aware of the demands of religious commitment in everyday life.⁴

Religious Education at the heart of the curriculum

- Religious education is the core of the core curriculum and is to be the source and summit of the whole curriculum.
- Religious education is an academic discipline with the same systematic demands and rigour as other disciplines.
- Religious education is to be delivered within a broad and balanced curriculum, where it informs every aspect of the curriculum. Every other subject is to be informed by religious education and have a strong relationship with it.
- In each year of compulsory schooling, religious education is to be taught for at least 10% curriculum time within each repeating cycle of the regular school timetable.

Programme of Study:

As a Catholic school Sacred Heart Catholic Primary School is required to comply with the Religious Education Curriculum Directory (2012) / Religious Education Directory (2023). The RED 2023 provides a model curriculum which this school follows from EYFS through to Year 6. At Sacred Heart teachers use Diocese of Westminster resources, alongside the Day by Day RE resources to support the planning and delivery of Religious Education.

Curriculum Structure

The model curriculum has six components, known as branches, which map helpfully onto the six half-terms of the school year. Five of these have a core theme which invites pupils to learn about an aspect of Revelation, Scripture, life in Christ, and life in the Church, and to discern what their learning means academically and experientially enabling them to see, judge, and act through a deeper knowledge of the Christian faith. The Encounter & Dialogue branch involves the study of other religions, encountering other pathways of belief drawing on the teaching of the Church about intercultural dialogue.
